One-Half of Total Amount That is Needed Has Been Promised.

FUND IS $25,249.53.

List of Contributions Shows That Many People Have Made Sacrifices To Give Money.

At noon today the Alexandria hospital fund totaled the gratifying sum of $25,249.53, just a little over one-half of the total amount which will be needed to build and equip a modern hospital building. This represents three weeks work on the part of the committee that has had the matter in charge and it has certainly been three weeks of strenuous work. The next three weeks promises to be just as active, as it will require constant work to equal the sum already realized. There are several large subscriptions in sight outside of the $5,000 which has been asked from the city.

HUERTA SAID TO BE ON HIS LAST LEGS

Refugees From City of Mexico Declare His Power Limited to 2 Weeks.

OIL WELLS IN DANGER.

Condition in Capital City Ominous—Police Insubordination and Insufficiency Noticeable.

Vera Cruz, Mexico, May 7.—The disintegration of the Huerta government wthn two weeks was prophesied by foreigners from Mexico City here today.

With the constant arrival of Mexicans and Europeans from the capital stories of the waning power of the dictator are pouring into Vera Cruz. One prominent refugee said:

"We believe that the United States will get knee deep into mediation only to discover suddenly that Huerta has lost his power to bargain for Mexico and another man in the president's seat."

The government officials are becoming lax according to persons arriving from the capital. The police are showing signs of insubordination. They are not arresting criminals and saloons are not obeying the closing laws. The entire government is showing signs of growing inefficiency, these people from the capital declare, and the long expected crumbling of the power of the dictator is believed to be close at hand.

Reports from Tampico today declare that British consul Wilson, who has been insisting that all Americans leave that port, has finally succeeded in practically clearing the city. There are only two Americans left there They are oil men.

The rebels attacking the city fired on a barge in the Panuco river, killing one Mexican and wounded seven, it was learned here. The barge was flying the Dutch flag. The rebels and federals are now engaging in daily battles. All oil wells have so far escaped serious damage in the recent fighting, but are in constant danger.

KISSING STRIKE.

Latest Device in Votes for Women Crusade.

New York, May 7.—A kissing strike is the latest invention in the votes for women war.

"If we women would all go on strike and agree not to kiss our husbands until we get the vote," Mrs. Havelock Ellis told the members of the woman suffrage party yesterday afternoon, "and if we agreed also not to cook, or wash, or even to look at our husbands, we would get it much quicker than by the present program of destroying art treasures and golf grounds. All we need to do is to sit still with our hands in our pockets and a noncommittal smile on our countenances, while we watch the men running to bring us the vote. Let us take as our motto, "To break hearts rather than windows!" "

Mrs. Ellis admitted, however, that the English women have more provocation to militancy than their American comrades.

"I watched the suffrage parade last Saturday afternoon, she said, "and I did not see on the face of one man the sneer with which most Englishmen favor their womenfolk. It is that sneer which drives them to their crazy deeds. My own husband, of course, does not have that sneer. If he had, I should have left him long ago."

CAUGHT IN THE COUNTY.

Brokerage Manager Who Left Washington With Woman in Custody.

Washngton, May 7.—Sidney B. Harrison, former manager of the brokerage firm of N. L. Carpenter & Co., who, with his assistant, Miss Alice E. Malone, dsappeared on December 19, last, was arrested early today by Central Office Detective Charles Evans and Detective Guy Walsh, of the Seventh precinct, at the residence of Tench T. Marye, an attorney, living at Pierce Station, Va., where he had been staying for the last three weeks.

Harrison is under indictment here for embezzlement.

The arrest of Harrison was brought about under dramatic circumstances. At 8 o'clock this morning the detectives, accompanied by Deputy Sheriff Harry Johnson, of Alexandria county, surrounded the Marye home. Detective Evans then awakened Marye, informed him he had positive information Harrison was hiding in the house and ordered the fugitive turned over.

Marye then went to Harrison's room, told him the police were waiting and advised him to go with them. The detectives placed the prisoner in an automobile and drove as far as Rosslyn, where he entered a protest against being taken out of the State and into the District until the necessary legal formalities had been complied with.

Deputy Sheriff Johnson is also the Alexandria county jailer, and he informed Harrison that he could take his choice between going back to Washington or being put in a cell at the county jail. Harrison then communicated over the telephone with his attorney, Raymond N. Dickey, who advised him to return to Washington without a fight.

JOHNSON GETS LIFE OFFICE.

Richmond Surgeon Made Permanent Member of oBard of Visitors of Medical School.

Richmond, May 7.—Governor Stuart yesterday directed that a commission be issued from the office of the secretary of the commonwealth creating Dr. George Ben Johnston, of Richmond, a member of the board of visitors of the Medical College of Virginia, the commission to last for life. Dr. Johnston at present holds the chair of abdominal surgery at the Medical College and his acceptance at the appointment by the governor today will necessitate his retirement from the faculty.

The appointment of Dr. Johnston to the board of visitors of the medical school is to fill a vacancy caused by the resignation of P. C. Cardwell, just tendered the executive. In his letter of withdrawal from the board of visitors. Mr. Cardwell wrote to the governor that he was actuated by considerations which would be more thoroughly explained by Dr. Johnston. Dr. Johnston called at the office of the governor today and remained closeted witht he executive for some time.

The retirement of Dr. Johnston from the faculty of the college will render it necessary that his chair be filled by the election of a successor. It is predicted that either Dr. Lewis C. Bosher or Dr. Charles R. Robins, both of Richmond, will be the choice of the board.

COMMISSION GETS MT. VERNON PLAN

Missouri Will Not Produce Washington's Home at San Francisco.

WILL LEAVE JUNE 4th.

Site to be Selected in Grounds and And Contract Given For Erection of Virginia Building.

Richmond, May 7.—Chairman W. W. Baker, of Chesterfield, of the Virginia Commission for the Panama-Pacific Exposition, returned yesterday from a two days' trip to Washington, where he and Charles K. Bryant, of this city, architect of the commission, obtained the exact measurements of Mount Vernon, which is to be reproduced by the commission for the Virginia Building at the San Francisco Fair.

Strange to say, Captain Baker and Mr. Bryant were unable to obtain the architectural measurements of the Washington home, although they went from one department to another. It was at first thought that the complete figures were in possession of engineers of the War Department, but search failed to unearth them and the Virginia officials were forced to journey down to Mount Vernon and take by tapeline the exact proportions of the celebrated old residence.

At the same time, careful note was taken of the interior decorations and arrangements of the articles of furniture and pictures on the walls, and all will be faithfully reproduced in the fair grounds on the Pacific Coast. Armed with the architect's plans, which are being drawn with all speed, the members of the commission will leave for San Francisco on June 4. They will select the site for the Virginia Building and will close a contract with some contractor for the erection of the new Mount Vernon. The commission, which will be accompanied by Mr. Bryant, will remain away from Richmond about three weeks.

Captain Baker said yesterday that the fear that Missouri also is to duplicate Mount Vernon as its State Building at the exposition has been dissipated. Further correspondence with the officials of the fair produced the information that the Missouri building is to be finished in stucco and to only remotely resemble Mount Vernon.

The State Board of Agriculture, at its annual meeting yesterday in the State Capitol, decided by unanimous vote to install in the Virginia Building at the San Francisco-Panama Exposition an impressive exhibit of the agricultural resources and wealth of the State. Governor Stuart, in a brief address to the board, heartily commended this action and urged that the exhibit be made as interesting as possible.

MISS WILSON WEDS TODAY.

Mr. and Mrs. McAdoo to Board Revenue Cutter Soon After Ceremony.

Washington, May 7.—At 6 o'clock this evening Secretary of the Treasury McAdoo and Miss Eleanor Wilson, daughter of the President of the United States and Mrs. Wilson, will be married in the Blue Room of the White House.

The ceremony, which is to be performed by the Rev. Sylvester Beach, of Princeton, N. J., will be a quiet affair. Not more than 100 guests, including relatives and friends of the two families, have been invited. The only officials who will be present are the Vice President and Mrs. Marshall and members of the President's Cabinet and their wives.

Soon after the ceremony Secretary McAdoo and his bride will slip quietly away from the wedding party and will be rushed in a White House car to the Washington Navy Yard dock, where they will embark on the revenue cutter Apache.

FRANK APPEAL DENIED.

Counsel for Condemned Man May Take Case to Supreme Court.

Atlanta, Ga., May 7.—Denial of the defense's plea for a new trial for Leo M. Frank, the factory superintendent under sentence of death for the murder of 14-year-old Mary Phagen, was made here yesterday by Benjamin H. Hill, judge of the superior court.

The court's action was taken immediately after the conclusion of arguments by attorneys for the defense. Judge Hill indicated that he did not care to hear arguments from the State's counsel.

News of the latest reverse was taken immediately to Frank, who is confined in the county jail. His wife was with him at the time.

"I had expected that action," said the factory superintendent. "I have nothing to say now, but I may later."

Judge Hill, in delivering his decision, announced that he would grant a bill of exceptions to the defense, by which the case may be taken to the State Supreme Court.

No formal announcement regarding the appeal was forthcoming from the defendant's counsel. It was not known whether it would be delayed, until after a decision is obtained on the pending motion to annul the verdict because Frank was absent from the courtroom when it was returned.

Hearing on the annulment motion was set for Saturday by Judge Hill. The defense alleges that the returning of the verdict against Frank while he was absent from the courtroom violated the constitutional right.

Absence of the defendant was agreed to by two members of Frank's counsel, and was suggested by L. S. Roan, the presiding judge at trial. It was feared by the judge that physical violence might be inflicted on Frank by persons in the audience in case a verdict of acquittal was returned. The annulment motion was filed by lawyers who had no connection with the agreement.

The extraordinary motion for a new trial overruled was based on the claim of newly discovered evidence. Many of the affidavits presented reflected on James Conley, the colored factory sweeper, who was convicted as an accessory after the murder.

The State introduced sworn statements repudiating many of the affidavits and charged that improper means, including bribe offers, had been used in obtaining the reputed new evidence. Forgery was charged in some instances.

Yesterday was the third time that a new trial has been denied Frank. Frank has twice been sentenced to hang, the execution in each instance being stayed by motions for a new trial. He was convicted on August 25, 1913. The body of the factory girl was found in the basement of the National Pencil Company here on the morning of April 27, 1913. She had been struck on the head and afterward strangled. Frank had charge of the pencil factory.

MISS WILLARD WEDS JUNE 11.

Marriage to Kermit Roosevelt to Take Place in British Chapel.

Madrid, May 7.—The wedding of Kermit Roosevelt and Miss Belle Wyatt Willard, daughter of Col. J. E. Willard, American Ambassador to Spain, will take place at noon on June 11 at the British Embassy Chapel here.

The ceremony is to be performed by the Rev. Dr. Samuel Watson, rector of the American Church of the Holy Trinity, Paris, assisted by the Rev. Herbert Brown, of the British Chapel, Madrid.

The maid of honor is to be the bride's sister, Elizabeth, and the bridesmaids Princess Thurn and Taxis, Katherine Page, daughter of Walter Hines Page, the American Ambassador in London; Gilone Le Veneur de Tillieres, of Paris, and Virginia Christian, of Virginia.

As this will be the first occasion in many years that a member of the family of a foreign diplomat has been married in Madrid, the wedding is arousing the greatest interest.

TREASURERS EAT UP SCHOOL FUNDS

Costs More to Collect Tax Than it Does to Supervise Education.

STEARNE'S REPORT.

County Treasurers Received $103,056.74 For Handling Funds, While Superintendents Got $30,680.91.

Richmond, May 7.—State Superintendent of Public Instruction R. Stearnes, in his annual report 1912, which has just been r from the public printer, bri ward some striking figures cost to the public schools tax collection to support for a new method of pay county treasurers which w leive the school funds of this den. According to his figures, costs the local school revenues i counties more than three times as much to collect and disburse the school moneys as t does to supervise the schools.

In 1912 the county treasurers received $103,056.74 for handling school revenue, while the county school superintendents received only $30,680.91. In 1907 the county treasurers were paid $60,055.30 in commissions from the school funds and in 1912 the figures were $103,056.74. While the total school revenues increased 61 per cent during that period the county treasurers' commissions increased 71 per cent.

In the cities the situation is different, the treasurers receiving in 1912 only $3,903.49 in commissions. The fault is in the system, which pays the city treasurer in one way and the county treasurers in another says Mr. Stearnes.

In 1912 the State spent $20,785.32 for architects' fees, according to Mr. Stearnes, raising the ghost of the old legislative investigation of this subject.

"Two years ago the General Assembly instituted an investigation to determine the amount of architects' fees," the report states. "The results were inconclusive and unsatisfactory. The Department of Public Instruction determined at once to secure accurate information on this important matter, and I am pleased to be able to answer the question propounded by many legislators and citizens. In 1912 the State spent $20,785.32 for architects' fees. This amount was paid out almost entirely on large buildings, as the Department of Public Instruction furnished plans and specifications for two, three, four, six and eight-room houses without cost. Sixteen different designs and plans for schoolhouses have been prepared by the department at very low cost—a cost, indeed, which does not exceed $40 per thousand copies of plans."

Mr. Stearnes concludes his report with a strong plea for a college for women at the University of Virginia.

The school income during 1911-12 amounted to $5,616,964.16, a net gain of $446,380.52 for the year, and a gain of $3,184,861.71 as compared to 1903.

An unidentified man in a rowboat was swept over the Horseshoe Falls, at Niagara yesterday. The man was crossing the river between La Salle and Chippewa when one of his oars was broken on drift ice, rendering him helpless.

The bill giving the parliamentary franchise to women already possessing the vote at local government elections was rejected last night by the British House of Lords by a vote of 104 to 60.

The Citizens' National bank through its officers will be glad to receive subscriptions from its patrons and friends to the Hospital fund, delivering the same to the committee daily.

DEATH OF MRS. FLOOD.

Former Resident of Alexandria Succumbs to Injuries.

Mrs. Kate William Flood, who was one of the victims of the automobile accident late Monday afternoon on the Amherst turnpike, died at the Home and Retreat in Lynchburg shortly before noon Tuesday from her injuries.

A pathetic phase surrounding Mrs. Flood's death was that her daughter, Mrs. R. D. Oglesby, another victim of the accident, was in another ward in the hospital, while her sister, Mrs. J. S. Barnes, was confined to her home in Lynchburg by sickness, the result of a fall some time ago, and her only brother, J. Clifton Williams, was confined to his home on Rivermont avenue by illness.

Mrs. Flood was 54 years old and she was a native of Lynchburg. Her husband, Thomas W. Flood, died more than twenty years ago, leaving her with two small children. She was an active member of Westminster Presbyterian Church.

Mrs. Flood only last Thursday received her reappointment to the internal revenue service for a term of four years. She was originally appointed to the service by Captain P. H. McCaull in 1893, and she had served continuously in the collector's office at Alexandria, and Abingdon, until five or six years ago she was transferred to Lynchburg, to take charge of this office, since when she had been actively in charge of the sale of revenue stamps in this division.

Ethel Lorraine Belmont, has won her separation suit again Raymond Belmont, son of August Belmont, the financier, of New York. Alimony at the rate of $100 a month was allowed. Young Belmont is now abroad.

FINED FIFTY DOLLARS

Alfred Peters Convicted in the Police Court of Furnishing Liquor to Minors

The case of Alfred Peters, charged with furnishing liquor to boys, came up in the Police Court this morning, having been postponed yesterday. John M. Johnson appeared for the defense.

The evidence was to the effect that on the 24th of April Peters sold some whisky he had in a bottle to the youths on Pitt street, near King; also that he purchased half a pint of blackberry wine for them.

The accused denied the charge, and said he saw a man about his size come out of the alley with the boys.

After all the evidence had been taken, Justice Caton imposed a fine of fifty dollars upon Peters. His counsel noted an appeal to the Corporation Court, and the accused furnished bail for his appearance before that tribunal.

The interior of the stable was considerably damaged.

MURDER CLUES TO BE PROBED.

Grand Jury in Louisa May Bring Out Sensational Features of Victor Hall Case.

Louisa, Va., May 7.—Startling revelations in the Victor Hall murder case are expected to be made public here next Monday, when the special grand jury summoned to investigate the crime will meet to hear a large number of witnesses. The theory that Mr. Hall was shot by a burglar or an enemy seems to be strong among several persons who have become familiar with leading facts of the case.

Miss Essie Wood, a school teacher, who boarded at the Hall home, said she heard footsteps at the front entance of the victim's store after the merchant had been shot. She told of the finding of a revolver in the store and that one bullet had been fired from it.

Hall was murdered on the morning of April 15, when the store of W. R. Dunkum, at Green Spring, was destroyed by fire, it being the general opinion that the person who set fire to the building was the criminal who shot the young merchant. Mrs. Hall who is Dunkum's sister-in-law, had twice been married.

Auto Licenses Expected to Reach $100,000 Before Year Ends.

Richmond, May 7.—"Up to this time we have issued 9,300 automobile licenses," said Chief Clerk Haye Hayes, in the office of the Secretary of the Commonwealth today, "and we are still shooting them out as fast as they are asked. We expect to issue not less than 10,000 before the year is past. That will mean about $100,000 of revenue.

"While the rush is on we have not been able to figure out just exactly how much money we have taken in—that is, to be able to tell to the penny, but when you make a guess just say it is not less than $85,000. And all that money goes to the road fund."

More licenses have been issued up to this time this year than for the whole of last year. There are many persons who have owned automobiles for years and they have not in the past, bothered about license but this year the commissioners of the revenue are being directed by Auditor Moore to look out for them.

VERDICT AFFIRMED.

Award of $25,000 to Mrs. Sarah Holbrook of Tazewell Stands.

Tazewell, Va., May 7.—Quite a sensation was created here by the receipt of a telegram by Mr. Wm. H. Worth, from the U. S. Circuit Court of Appeals sitting in Richmond state in that the verdict of $25,000 awarded by Judge McDowell in the Federal Court at Roanoke to Mrs. Sarah E. Holbrook, administratrix against the N. & W. Railway had been affirmed. The verdict is said to be the largest ever given in Virginia.

The case originated in the Federal Court in Roanoke, being tried at the June, 1913 term. Mrs. Holbrok, whose husband, Thos. Holbrook, was a section carpenter for the N. & W. was killed at Pando, W. Va., January 4, 1913, while acting temporarily as flagman for the railroad. Mrs. Holbrook is a woman of very moderate means and lives in Wise county.

Claim is Sustained.

Suffolk, Va., May 7.—Judge James L. McLemore, of the City Circuit Court, has announced his decision in the case of J. Goldman vs. J. R. Marshall, on interpleader of the Singer Sewing Machine Company.

The case which involved the right of Goldman to claim a machine which was leased by Roberts from the Singer Company for payment of a debt of Roberts, was argued some time before Judge McLemore and he reserved his decision.

The contention of the Singer Company that the machine was their property and could not be taken for a debt, was sustained by the Judge, and a decree was entered ordering it delivered to the owners, all costs of the suit to be paid by Goldman.

The suit was brought as a test case and the decision will be of interest to people throughout the state.

ADJOINING COUNTIES SHOULD HAVE A PART.

The movement inaugurated over two weeks ago for raising funds for the erection of a new and modern hospital for Alexandria has met with a hearty response from all classes of people, and the third week of the movement is now in progress. The collecting committee is still meeting with encouragement and the enthusiasm for this great desideratum shows no abatement.

All this is as it should be. There is no telling how soon any of us may need the services rendered at this institution, and to have everything in readiness in such emergencies will add much towards the treatment and convalescence of such as may require surgical skill and careful nursing with which the Alexandria Hospital has ever been celebrated.

But while Alexandrians naturally appreciate such an institution, the people of Alexandria and Fairfax counties have equally as much reason to be interested in the movement towards erecting a more enlarged and modern hospital. There is always a representation from these contiguous places in the institution, and many have cause to be thankful of the fact that the Alexandria Hospital existed at a time when its services were sorely needed. Numbers have been nursed into health in our hospital, while the lives of others have been prolonged by reason of the immediate treatment they required and received.

While some residents of the upper part of Alexandria county patronize Washington hospitals when occasion requires, the bulk naturally come here when they need immediate attention. It is also a fact that persons suffering from certain ailments in other places are occasionally brought to the Alexandria Hospital, as it enjoys a reputation outside this city.

We hope this hint may bear fruit from both counties now that the people of this city are coming up so liberally towards this worthy cause. While primarily Alexandrians are but contributing to the erection of an institution for their own accommodation, other people living at our doors should be equally interested, as they have the same privileges accorded those native and to the manner born.

Up to a few years ago Alexandria city and county were blended in one government. Cases of misdemeanors committed anywhere in the county were disposed of in our municipal court and the county court met in our city. While separate governments now exist, the same fraternal feeling as of yore is still in evidence, and although, for reasons best known to themselves, Alexandria and Fairfax counties are fighting the cession of some contiguous territory to the city of Alexandria, residents of those sections are utilizing our public schools for the tuition of their offspring.

Residents of both sections have for many years derived benefits from the Alexandria Hospital, and there is reason to suppose they will desire a part in the erection of a structure of which all will be justly proud.

COST TO COLLECT SCHOOL FUNDS.

The report of Superintendent Stearnes, published elsewhere in today's Gazette, shows the great expense incurred in collecting and disbursing school funds in the counties—far greater than the cost of supervising the same.

Cities are conducted upon different principles, and the cost of handling school funds is reasonable.

It is often said that it takes nine hundred and ninety-nine cents to get one cent into missionary fields, although we never saw this demonstrated.

In the early seventies the Virginia Bible Society met in Alexandria, and at the meeting it was proven that it cost two dollars and a half to place a Bible, costing twenty-five cents, in a house.

Mrs. Louise Echegaray, wife of the Mexican minister to Costa Rica, yesterday killed herself by leaping from a window in her apartments on the fifth floor of the Fairholm, at 503 West 121st street, New York. Her body struck a heavy iron fence and hung there impaled. The policeman, who summoned an ambulance, found Mrs. Echegaray's 16-months-old baby asleep in a crib in the apartment. The woman was penniless and had brooded over the threatened fall of the Huerta regime which she believed meant ruin for her husband.

Mrs. John T. Perkins, wife of the millionaire vice president of the Corn Exchange Bank of New York, shot and killed herself with a revolver at her home yesterday in Greenwich, Conn. Mrs. Perkins had been mentally unbalanced, it is believed, by trouble with her eyes. She visited a specialist in eye troubles in New York yesterday. She was 50 years old, and leaves four sons.
